Thanks

Tokyo Metropolitan Government offers its deep gratitude to the city officials who generously gave their time to producing case studies and reviewing the research so that others could learn from their experiences:

Jamie Ponce (Chicago), Martin Yip (Hong Kong), Lisa Lin and Brian Yeoman (Houston), Michelle Isles and Michele Leembruggen (Melbourne), Stacy Lee (New York), Alex Dews (Philadelphia), Barry Hooper (San Francisco), Christie Baumel, Rebecca Baker and Nicole Ballinger (Seattle), Serene Peh, See Loke Choo and Jonathan Cheng (Singapore), Jonas Tolf (Stockholm), Tom Belsham, Julia Lipton and Nik Midlam (Sydney).

We would like to express special thanks to Zoe Sprigings (C40) and Tomoko Takagi (CSR Design Green Investment Advisory) for their dedication and collaborative working. Without their efforts, this report wouldn't be realised.
